

Anti-stick label 159 x 115 mm with easy label removal feature

This special adhesive backing creates a permanent application zone on the surface to which standard labels can be easily attached and later removed without leaving any adhesive residue or dirt. This eliminates the need for complicated cleaning or the use of chemical products, leaving the surface clean and tidy for a long time. The sticker is designed for everyday use in logistics and industrial environments, where it reliably withstands frequent handling and mechanical stress. It is therefore a practical and long-lasting solution for repeated and clear labeling.

Product code: 999892

Number of pieces on the pallet: 100

Technical specification

Features:

Colour	transparent
Material	
Weight	0.01 kg

Outer dimensions

Length	15.9 cm
Height	11.5 cm
