

ESD EURO crate with lid 80x60x13.5

AKCE

ESD Euro crates with lid are made of quality, conductive, black polypropylene. Intended for transport and storage of delicate electronic parts. Prevent electro-static charge. TBA boxes offer always safe handling of electronic components. Imprinting supported.

Product code: 966015

Number of pieces on the pallet: 34

Technical specification

Features:

| | |
|----------|---------|
| Colour | black |
| Material | ESD |
| Handels | closed |
| Volume | 46 l |
| Weight | 5.64 kg |

Please note that, due to the orientation of the flow derived from the processing method, finished components may exhibit different electrical properties in connection with electrostatic discharge (ESD).

All technical data of the products, including dimensions and weights, are subject to changes resulting from testing conditions and production technology. No legally binding guarantees of specific properties can be inferred from the information obtained.
