

Lid for ESD EURO crate 20x15

Lids for ESD Euro crate are made of electrically conductive plastic. Reliably prevents electrostatic discharge and removes already existing discharge.

Product code: 965576

Number of pieces on the pallet: 1000

Technical specification

Features:

Colour	black
Material	ESD
Weight	0.1 kg

Outer dimensions

Length	20 cm
Width	15 cm
Height	1.5 cm

Please note that, due to the orientation of the flow derived from the processing method, finished components may exhibit different electrical properties in connection with electrostatic discharge (ESD).

All technical data of the products, including dimensions and weights, are subject to changes resulting from testing conditions and production technology. No legally binding guarantees of specific properties can be inferred from the information obtained.
