

Plastic pallet cage 121x81x20.5 with 4 hinges

Pallet cages are cheaper and more practical than box pallets - when folded, they take up less space during transportation and storage. Unrivalled durability is achieved through a thick-walled construction and the properties of the chosen material: recycled HDPE, which boasts high impact resistance (even in low temperatures). The extensions are additionally reinforced with a galvanized steel profile measuring 15x20x1.5 mm.

Product code: 990188

Number of pieces on the pallet: 100

Technical specification

Features:

Colour	black
Material	PE regranulate
Weight	11.5 kg

Specification

4 hinges

Outer dimensions

Length	121 cm
Width	81 cm
Height	20.5 cm
